Constanta Port RO-RO Terminal

ROMCARGO MARITIM

Constanta Port RO-RO Terminal

1. Business Areas & Background

Romcargo Maritim is a Romanian privately owned company having its core business RORO port operations in Constanta South Port . Established in 2006, Romcargo initiated a long-term investment plan for the first dedicated RO-RO terminal in the Constanta South Port, to address to the growing logistic needs of Romanian and foreign vehicle producers and importers. The RO-RO port operations began in 2008 and further increased, this year marking a 16 year activity .

During the following years Romcargo grew in a fast pace becoming an important player in the logistic chain, connecting Romania with world-wide markets, currently providing port operations and related services to the major automotive companies such as Dacia & Renault, Ford, Mitsubishi, Nissan, Fiat, Peugeot being able to issue and implement tailored made logistics solutions based on the specific requirements and quality standards of each client.
